

Fundamentals to Consider When Planning a Teachable Unit or Lesson

Title/Big Idea:**Student Learning Outcomes (SLOs):**

What will students know, understand, and be able to do after instruction? What performance or behaviors will demonstrate mastery?

Assessment:

How will students and instructors gauge student learning throughout the unit or lesson?

Activities/Assignments:

What will students and instructors do to support students in achieving the SLOs? Briefly describe the schedule of events.

Alignment:

Check to be sure each component aligns with the learning outcomes.
