Reading Report for CMI 1055 (Fall 2020)

Complete all 3 Key Points, Text & Page, and Meta-Insights – 10 points Credit (including reading)

<p>KEY POINTS <i>While reading the textbook, what ideas, terms, people, places, or events did you come across that really stood out to you? List a minimum of three key points / “A-HA” words, phrases, etc.</i></p>	<p>TEXT & PAGE</p>	<p>INSIGHTS <i>Respond to the following three questions: 1) What is this “aha” learning or Key Point that stood out to you? How would you describe it (in context, of course!)? 2) In what ways did these “aha” moments relate to your spiritual life and/or ministry context?</i></p>
<p>“It is like electricity. (Christian education) No one notices it until it doesn’t work.”</p>	<p>Pg. 2</p>	<p>-This is trying to emphasize the importance of Christian education, but also showing how people take it for granted sort of like electricity. -People do not notice the importance for Christian education until they realize their walk with Christ depends on that. -I for sure forget how important my own Christian education is to my walk, but also how equally important it is for my fellow Christians to be educated so I am not alone.</p>
<p>“Jesus’s great commission isn’t just about evangelism, it’s also about making disciples.”</p>	<p>Pg. 8</p>	<p>-This points out how as Christians were not only told to “Go,” but also to be “teaching them.” From the words of Jesus himself we are told this. -The point of this in the reading is to back up why Christian education is so important! We are called to be teachers and if we are going to be teaching then we need to know what we’re talking about. -It motivates me to learn more, so I never mislead people if I am going to be teaching them. That’s why good, solid teaching so valuable.</p>
<p>“Theology and education are inseparable”</p>	<p>Pg. 29</p>	<p>-You can’t have one without the other in the case of Christian education -I would describe it as you learn more about theology and go more into depth you also have the need to educate people on what you have discovered -Whenever I have a theological thought or discovery when I am in the word I immediately want to share it with my friends to talk about it and discuss.</p>
<p><i>Metacognition: How has my learning increased because of this reading assignment? In other words, in what ways did these Key Points increase my learning?</i></p>	<p>I think I have come to see the importance of being educated in the Bible and the effects it has both ways, if one is educated on what they are talking about and if one is not. I see the importance of good teaching and how it is not easy to just become a teacher. Teachers were once students.</p>
